Cry Out America 9/11 Prayer Events Unite the Nation

Cleveland, Tenn.— Wednesday, September 11, 2013, the nation witnessed the power of extraordinary, united prayer as **Cry Out America** events were held at county courthouses, public parks, civic centers, corporate conference rooms, and churches. This date, marking the 12th anniversary of the 9/11 terrorist attacks, was not simply a day of remembrance and mourning, but a time for ecumenical, cross-generational prayer focusing on the spiritual condition of our communities and the nation.

An estimated 300,000 mainline Evangelicals, Pentecostals/Charismatics, Protestants, Catholics, Jews, and Christ followers from all walks of life gathered at more than 3,000 prayer points to CRY OUT for awakening in America. Setting aside racial, cultural, and denominational differences, participants prayed prayers of repentance for disregarding the Scriptural principles upon which this nation was founded. American citizens petitioned God to restore peace, protection, and godly wisdom within families, marketplace, education, arts/entertainment/sports, religion, government and media—spheres of cultural influence in American society.

Dyer County TN Coordinator Panella Davis commented, “Though we face challenges as a nation, we can be thankful and proud to be citizens of this great United States of America. Ours is a great nation worthy of the continued investment of our time and our energy, especially through our prayers.”

A spirit of patriotism permeated the atmosphere as toddlers waved U. S. flags, and high school ROTC students presented the nations colors. First responders and military personnel were honored for their sacrifices. University students joined voices with seniors from assisted living facilities to sing God Bless America in the public square as business owners opened their doors to listen. County prison inmates offered prayers in their cells and parishioners gathered in their church altars to express a dependency upon God. Radio stations broadcast event programming live, reaching thousands, who were not able to join on site events.

Delbra Pratt in Christian County, IL stated, “We were small in number but we know that in unity we joined with thousands across America who stood as ‘one man’ before the Lord because of the sin of the land and one voice united in prayer.”

“Too often the devastating news of tragedy, natural disasters, and violence fills the air waves and threatens to extinguish the spirit of hopeful Americans,” commented National Cry Out America Coordinator, Kay Horner. “Yet on September 11, 2013, the atmosphere was filled with prayer and an expectation of a divine reversal in our nation.”

A person without hope is of all people most miserable, but **Cry Out America** participants are waiting “in expectation of a manifestation of supernatural signs wonders and miracles,” according to Vincent Collins in Richland County SC.

To learn more about the **Awakening America Alliance**, an organization purposed to “provide a broad umbrella under which the body of Christ in America can unite together in seeking a contemporary spiritual awakening, please visit www.awakeningamerica.us.
