

Cry Out America
Litany for Renewing Commitment
to a Christ Awakening in America
Based on Psalm 132

We acknowledge that the Lord, the great and awesome God, keeps His covenant of love with those who love Him and keep His commandments.

We so acknowledge!

We believe the LORD God remembers the sacrifices and hardships endured by our founding fathers, who established this nation with a desire for freedom to worship Him as Sovereign Lord. Neither has He forgotten the great Christian leaders who forged paths to spiritual awakenings throughout our history.

We believe God is faithful to remember!

In the spirit of our forefathers, we commit ourselves to cast off lethargy and apathy, refusing to be lulled to sleep by the spiritual complacency prevalent within our society. We pledge to diligently pursue a restoration of His rightful dwelling place in our government, marketplace, media, arts and entertainment, educational institutions, families, and the Church.

We commit to You, LORD!

Our Lord Jesus Christ, we pray that as ministers of Your sacred New Covenant, we will acknowledge the preeminence of prayer, kingdom unity, scriptural integrity, and social responsibility. May we be granted wisdom and empowerment to faithfully proclaim Your message of hope so that we will witness a spiritual transformation in our land.

We ask You, Lord Jesus, for a restoration of righteousness, peace, and joy in America.

We confess that we must do all that is required to adjust and alter our lives to draw closer to you so that future generations will embrace Your Truth and deny any other gods access or occupancy on the throne of their hearts.

We confess!

We commit ourselves to remembering Your ultimate sacrifice, to restoring godliness within the American church, and to redeeming future generations. We faithfully commit to being spiritual mothers and fathers, sons and daughters, who compassionately care for one another and a broken, hurting world.

We thank You for granting us an enduring Christian witness in the nation of America until You return, and we welcome you to make America a resting place of your glory forever!
